Setting up the Citrix Receiver on an iPad

1. On the main screen go to the App Store.

3. Touch Free under the Citrix icon and then Install to install the app on your iPad. After the installation is done, you should see a new app on your iPad called Citrix.
4. Touch the Citrix icon to start the Citrix Receiver. You will see the following screen the first time you start the app. Touch Get Started to get to the settings screen.

5. You will need to fill in the following info:

- Description: MSU
- Address: citrix.hit.msu.edu
• Username: (username to sign into your office computer)
• Password: leave blank. We have turned off the saving of passwords.
• Domain: hc.msu.edu

6. Touch Save in the upper right corner of the screen.

7. After you are done setting up your workspace, you will be prompted to sign-in.
8. Enter in your password for your HIT account. This is the same password you sign into your computer in your office or the password you use to sign into Citrix. You will receive the following message after logging in. Our Citrix Server will not store your password.

9. Touch Dismiss and you should be logged into Citrix. Touch applications to see the applications that you have access to in Citrix.
